

ANSMANN Li-Ion battery 18650 2600 mAh with USB type C charging socket

- High quality ANSMANN Lithium battery 18650 with safety board and integrated USB type C charging socket. The charging current is limited internally to max. 1A.
- Easy charging of the battery with a standard USB type C charging cable. A PC, a power bank or a USB power supply (5V) can be used as power supply. Alternatively, the battery can also be charged with a lithium charger (max. 2,6A charging current).
- There is a charge status LED on the positive pole of the battery. During the charging process it lights up red, when the battery is fully charged it switches to green.
- Ideal for use in modern LED flashlights, headlamps, laser pens, etc.
- Integrated protection circuit against overload, short circuit and deep discharge
- Very low self-discharge and high energy density
- 2 years warranty

INFORMATION

Product name	Li-Ion battery 18650 2600 mAh with USB type C charging socket
Part No.	1307-0002
EAN code	4013674161362
Customs tariff number	85076000900
Material Group	04
Product content	Lithium rechargeable battery type 18650 / 2600 mAh

Product	18,5 × 18,5 × 70 mm / 48 g
Packing + Product	86 × 23 × 123 mm / 57 g
Packing Unit	10 ST (192 × 102 × 97 mm)
