

Specification for L100-24

Input Voltage	100-240VAC, 50-60Hz
Input Current	1.6A
Back current drain	<1.3mA
Constant voltage	L100-24
	29.4V \pm 1%
Bulk charge current	2.8A \pm 5%
Operate Temperature	-20°C~40°C
Cooling	Natural convection. Do not cover the charger.
Charge principle	Auto 4 stages (Pre-CC-CV-Cutoff) charging process.
Battery type	7 series Li-Ion/polymer battery packs
LED display	1 bi-color LED, "Red" for charging and "Green" for finished
Size	170 x 70 x 41mm
Output cable and plug	1.5 meter 2xAWG18#, SPT1 wire, 5.5x2.1x10mm plug
Input plug	IEC60320-C14 or C8
Enclosure	ABS+PC Plastic housing
Weight	440g
